

MATEMATYKA

- Przesuń jedną zapałkę, aby otrzymać prawidłowy wynik.

A matchstick equation on a blue background: $0 - 9 = 5$. The digits are formed by yellow matchsticks with red ends. The number 0 is a square, 9 is a square with a horizontal bar at the bottom, and 5 is a standard matchstick 5. The minus sign is a single horizontal matchstick.

- Przesuń jedną zapałkę, aby otrzymać prawidłowy wynik.

A matchstick equation on a blue background: $5 + 2 = 5$. The digits are formed by yellow matchsticks with red ends. The number 5 is a standard matchstick 5, the plus sign is a plus-shaped matchstick, the number 2 is a standard matchstick 2, and the equals sign is two horizontal matchsticks. This equation is mathematically correct.
